Hotel Cozumel

Hotel Cozumel and Resort is one of our most popular hotels on the island, and a great choice for both divers and non-divers. While the divers are all underwater, non-divers can enjoy the largest pool on the island and the full-service amenities of the hotel. About a mile from downtown, **Hotel Cozumel** is a 15 minute stroll or short taxi ride (just a couple of dollars) to all the downtown attractions - shopping, restaurants, nightlife and local flavor.

Enjoy their private beach area just steps away from a beautiful open-air restaurant, dive shop, gear lockers, and boat dock. As the beach is on a rocky shoreline, excellent snorkeling is easily accessible. The main pool is Cozumel's largest.

Scuba Dive With Dive Paradise

Experience and Skilled - Our "native" dive masters are some of the best and most experienced on the island. We are committed to making your diving adventures as exciting as possible, keeping your safety as our #1 concern.

Large Fleet - We have the largest fleet of boats (see boats) guaranteeing that we are not going to cancel your trip or leave you stranded if a problem occurs.

Convenience - Dive Paradise boats pick up and leave clients at the Hotel Cozumel docks. We also maintain an onsite dive shop and training facilities at Hotel Cozumel for your convenience.

Flexibility - We offer a wider variety of dive charters allowing you to custom design your dive package to suit your needs and desires. Dive Paradise can take you to numerous sites that many other operators cannot deal with effectively. Feel free to contact us with special group requests!

Small Group Sizes - At Dive Paradise we believe that one of the best ways to make your dive trips as safe and enjoyable as possible is to limit the group size on our boats. We don't run "cattleboats".

All **Dive Paradise** boats deployed for "Caribbean" trips are equipped with a sundeck and a full sized head (bathroom, loo, bano or potty for those of you who speak other than "boat" language!). Low gunnels facilitate easy giant stride entries. Convenient platforms make getting out of the water just as easy as getting in.
